

Influence the Future of the ACH Network

Nacha Direct Members are comprised of Financial Institutions and Payments Associations. They shape and influence the governance and direction of the ACH Network and the Nacha Operating Rules through cross-industry cooperation, innovation and collaboration.

Direct Financial Institution Member Benefits

Vote directly on Nacha Operating Rules ballots and participate in the Nacha rulemaking process

Network with other payments industry leaders to share ideas and perspectives

Receive early access to critical industry information providing you the opportunity to influence and prepare for upcoming changes

Nominate, elect and serve on Nacha's Board of Directors to help provide vision and leadership for the ACH Network and Nacha's future

Contribute to Nacha's efforts to educate and advocate for the ACH Network with regulators, legislators and other stakeholder organizations whose policies affect the payments system

Participate in the Nacha Lawyers Committee, a group of payments industry attorneys

Receive member pricing, discounts and special program opportunities

Membership Eligibility

Any federally insured depository financial institution that is a member of a Payments Association can join.
